Cover design: Logo of the World Conservation Congress, Marseille, France, 3–10 September 2021. The Congress logo consists of a symbol and word mark. The symbol mark is made from three elements. The olive branch symbolises nature and peace as well as being an iconic crop of Southern France. The central pattern is inspired by the exterior of the Musée des civilisations de l'Europe et de la Méditerranée, a landmark of Marseille. The circular formation of the symbol represents the positive impact Congress has globally. More information on: [iucn\\_congress\\_brand\\_guidelines\\_english\\_updated\\_2021\\_.pdf](#)

# **STATUTES**

## ***Preamble***

Recognizing that:

- conservation of nature and natural resources involves the preservation and management of the living world, the natural environment of humanity, and the earth's renewable natural resources on which rests the foundation of human civilization;
- natural beauty is one of the sources of inspiration of spiritual life and a necessary framework for the needs of recreation, made ever more essential by humanity's increasingly mechanized existence;
- civilization has achieved its present high standard by finding ever more effective means for developing and utilizing these resources, and that consequently soils, water, forests and vegetation, wildlife, wilderness areas maintained intact, and characteristic landscapes are of vital importance for economic, social, educational and cultural purposes;
- the increasing impoverishment of natural resources will inevitably result in a lowering of human standards of living but that this trend need not be irreversible provided that people fully come to recognize their close dependence upon these resources and to the recognition of the need to preserve and manage them in a way that is conducive to the peace, progress and prosperity of humanity;

Convinced that since protection and conservation of nature and natural resources are of vital importance to all nations, a responsible international organisation primarily concerned with the furthering of these aims will be of value to various governments, the United Nations and its Specialized Agencies and other interested organisations;

Recalling that, for these reasons, the governments, public services, organisations, institutions and associations concerned with these matters, meeting at Fontainebleau, on 5 October 1948, established a Union now known as the International Union for Conservation of Nature and Natural Resources (hereinafter referred to as "IUCN") and governed by Statutes adopted first at the time of its foundation;

The Members of IUCN, meeting in Montreal from 13 to 23 October 1996, renewed their commitment to these ends and adopted these revised Statutes for the governance of IUCN.

## ***Part I - Legal Status***

1. IUCN, International Union for Conservation of Nature and Natural Resources (also known as International Union for Conservation of Nature) is constituted in accordance with Article 60 of the Swiss Civil Code as an international association of governmental and non-governmental members. Therefore it has legal personality and may perform any act in conformity with its objectives.

## ***Part II - Objectives***

3. To attain these objectives, IUCN<sup>1</sup>:

  - (d) encourages research related to the conservation of nature and natural resources and disseminates information about such research;

  - (f) develops expert networks to support its Members and components;

---

<sup>1</sup> As a consequence of the amendment to Article 3 of the Statutes adopted by the 2021 World Conservation Congress inserting a new paragraph (g), all subsequent paragraphs have been renumbered accordingly.

- (g) provides scientific and other authoritative information, including traditional ecological knowledge, in the form of assessments, analysis, and advice on the status and trends of nature and natural resources, including on threats, human behaviour, conservation measures and future scenarios;
  - (h) prepares and disseminates statements on conservation, drawing on the expertise of its Members and components;
  - (i) influences national and international legal and administrative instruments so that societies are enabled to enjoy the benefits provided sustainably by nature and natural resources;
  - (j) makes representations to governments and international agencies so as to influence environmental policies;
  - (k) assists in the development of mechanisms for debating and resolving international environmental issues;
  - (l) contributes to the preparation of international agreements relevant to the conservation of nature and natural resources and encourages States to adhere to these agreements;
  - (m) takes any other appropriate action which will promote the conservation of nature and natural resources; and
  - (n) implements the provisions of these Statutes.
- 3bis.* In working towards the objectives outlined in Article 3 (g) of the Statutes, the IUCN Secretariat and the IUCN Commissions are required to uphold high standards of scientific work and other knowledge systems and will be free from undue influence or conflict of interest in this regard.

40. The Director General shall provide the electronic system enabling each delegation, each affiliate, each member of the Council, each Commission Deputy Chair and any other observers as the Council shall decide to exercise their right to speak. Observer delegations from recognized National or Regional Committees may each request to be provided the same means to speak on behalf of the Committee in accordance with Regulation 66 (e).

#### Procedural Motions

41. A participant shall have prior right to speak in order to:
  - (a) call the attention of the Chair to a point of order or an abuse of the Rules of Procedure;
  - (b) move the adjournment of the debate (which motion may be moved not more than once in the course of a debate);
  - (c) move the closure of a debate at the end of an intervention; and
  - (d) move that the sitting be closed.
42. The above matters shall take precedence over the main question, debate on which shall be suspended whilst they are considered.
43. In debate on motions for adjournment, for closure of a debate, and that the sitting be closed, only the following may be heard: the proposer, one speaker against and the Chair or Rapporteur of the committee or committees concerned. The Members shall then take a decision.
44. An appeal by a voting delegate against a ruling by the Chair shall be made to the Steering Committee. The Chair shall announce the decision of the

Steering Committee to the World Congress which may confirm or change that decision.

## ***Part VII - Agenda and Motions***

### Agenda

45. The Director General, in consultation with the Council, shall prepare a draft agenda conforming with the tentative agenda previously circulated according to the Statutes, for each session of the World Congress showing, so far as circumstances permit, at which sittings particular matters will be debated. The draft agenda and documents originating with the Council or the Secretariat and relating to matters requiring the approval of the World Congress shall be circulated to the Members of IUCN not later than three months before the start of the World Congress. The draft agenda shall be submitted for adoption at the first sitting of the World Congress.
- 45*bis*. The draft agenda shall focus, and reserve adequate time during the Members' Assembly for discussion and voting, on:
- (a) The IUCN Programme and Financial Plan for the period until the next ordinary Congress and related Member proposals which have not been incorporated in the draft Programme or Financial Plan submitted to Congress;
  - (b) The mandates of the IUCN Commissions and related Member proposals which have not been incorporated in the draft mandates submitted to Congress;
  - (c) A limited number of motions which, in the opinion of the Motions Working Group,
    - i) warrant debate at the global level during the Congress because they are of significant importance for conservation and for the IUCN and its Members; or
    - ii) have been the subject of such debate and divergent proposed amendments or that are so controversial that it is not possible to produce a consensus text for submission to a decision by electronic vote prior to Congress; and

- (d) Motions pertaining to the governance of IUCN including amendments to the IUCN Statutes and Rules of Procedure, if any are proposed.

45*ter*. With the purpose of increasing the time available for discussion, the Council may decide that contact group meetings may be convened by electronic means for a first discussion of any of the topics listed in Rule 45*bis* (a) (b) and (d), in the three weeks preceding the Opening of the Congress.

45*quarto*. At or before the time Members are invited to submit motions in accordance with Rule 49, the Council shall publish a report on the status of implementation of the Resolutions and Recommendations of the previous Congress. The report shall be tabled for discussion during the Members' Assembly.

46. Any appeals against Council decisions shall be placed on the agenda.

47. Once adopted, proposals to add to or otherwise to alter the agenda may only be submitted to the World Congress by the Steering Committee.

### Motions

48. For the purpose of these Rules of Procedure, a motion means a draft in writing of any decision which the World Congress is requested to take. Such motion may take the form of a resolution, recommendation, expression of opinion or proposal. Resolutions are directed to IUCN itself. Recommendations are directed to third parties, and may deal with any matter of importance to the objectives of IUCN.

48*bis*. Consistent with Article 20 (a) and (b) of the Statutes, the purpose of the motions is to define the general policy of IUCN and to influence the policies or actions of third parties, or to address the governance of IUCN, within the parameters of IUCN's objectives as set forth in Articles 2 and 3 of the Statutes.

49. (a) Motions may be proposed by the Council, or by any Member eligible to vote with the co-sponsorship of at least five other eligible Members from at least two Regions. Motions shall normally be submitted to the Director General by a date set by Council which shall not be later than six months before the opening of the next session of the World Congress.

(b) The same process and requirements shall apply for motions, which have been deferred to the following session of the World Congress as per Rule 56.

- (c) The Secretariat shall circulate all accepted motions which are received by it, to all Members, at least three months in advance of that session of the World Congress.
- 49*bis*. Members proposing a motion concerning an issue arising in a State or States outside of their own Region shall make best efforts to secure factual information substantiating their proposal, and present such evidence upon request (a) at the time the proposal is submitted to the Director General and (b) at the World Congress. Such motion shall be co-sponsored by at least one IUCN Member from the Region with which the motion is concerned.
50. An explanatory memorandum of a maximum of five hundred words, in any of the official languages, may be appended to the text of a motion, and circulated as submitted, but shall not form part of the motion or be put to the vote.
51. Members shall be invited to submit proposals to modify the draft IUCN Programme and proposals regarding the mandates of the IUCN Commissions, online, at the same time as they are invited to submit motions in accordance with Rule 49. Discussion of the draft Programme or proposed mandate of a Commission shall take into consideration any motion or part of a motion affecting these documents, and all such motions shall be dealt with as proposed amendments to the Programme or mandate. All such motions shall be remitted by the Motions Working Group or the Resolutions Committee to the session of the World Congress that considers the Programme and mandates of the Commissions. The sponsors of these motions shall be advised of this action.
- 51*bis*. National Committees, Regional Committees and Regional Fora, when convened, are encouraged to provide a forum for motions that warrant discussion at a local and/or national level for the purpose of identifying solutions such as regional programmatic cooperation, that might address the underlying issues in addition to or instead of submitting a motion.
52. Motions may be submitted at the World Congress
- (a) either by the Council, or by
  - (b) a Member eligible to vote with the co-sponsorship of at least ten other Members eligible to vote from at least two Regions; and
  - (c) only if the Congress Resolutions Committee determines that they meet the requirements of Rule 54 with the exception of paragraphs (b) viii. and ix. and that the subject of the motions is new and urgent according

to the following criteria and on that basis authorizes their distribution to delegates:

- i. “New” means that the issue which is the subject of the motion has arisen or has been subject to developments occurring after the closing of the deadline for the submission of motions and, at that time, could not have been foreseen; and
- ii. “Urgent” means that the issue is of such importance that it requires an immediate response from the Union in the form of a Resolution or Recommendation.

- 53. Motions meeting the criteria of Rule 52 shall be submitted from one week prior to the opening of the Congress until the end of the plenary sittings on the first day of the Members’ Assembly. Motions received after such deadline shall be admitted only with the consent of the President.
- 54. Motions shall be accepted only upon determination by the Motions Working Group or the Resolutions Committee that they are consistent with the purpose of motions as defined in Rule 48*bis* and meet the following requirements:

(a) related to content:

- i. Propose or modify IUCN’s general policy and only to the extent necessary and subject to the full application of Rule 51, specify the activities required to implement the policy;
- ii. Contributions from Members and/or components of IUCN, if called for in the motion, are reasonable and achievable;
- iii. Contain technically sound and coherent arguments;
- iv. Be precise in what they aim to achieve;
- v. Propose aspirational goals that are reasonable;
- vi. Do not merely repeat the content of Resolutions and Recommendations previously adopted; and
- vii. When focusing on local, national or regional issues, state, with the proponent providing evidence at the moment of submission, that (1) the matter covered by the motion has been engaged at local, national and/or regional instances and that the desired result has not been achieved; and (2) the Members and relevant Commission members

as well as other stakeholders in the geographic area in question have been consulted; and

(b) related to process and format:

- viii. Be submitted before the deadline established in Rule 49;
  - ix. Be proposed and co-sponsored by Members eligible to vote, in accordance with Rules 49 or 49*bis*;
  - x. The proponent specifies a) which of the Members and/or components of IUCN or third parties, which the motion calls upon to undertake action have been consulted or have collaborated in the development of the motion, b) which Members or components of IUCN have been consulted with a view to identify solutions that might address the underlying issues and c) the actions and resources required to implement the motion and the contributions which proponents and co-sponsors intend to make towards its implementation;
  - xi. For motions concerning issues arising in a State or States outside the State or Region of the proponent, be co-sponsored by at least one IUCN Member from the Region with which the motion is concerned in accordance with Rule 49*bis*; and
  - xii. Use the template to be approved by Council.
55. Except for appeals referred to in Rule 62*ter*, the Steering Committee shall decide any appeal from a proposer and co-sponsors against the amendment of a draft motion by the Motions Working Group or Resolutions Committee. The Chair shall announce the decision of the Steering Committee and the World Congress may confirm or change that decision.
56. (a) The Resolutions Committee may refer a motion to a committee or *ad hoc* contact group of delegates from accredited Members, for its review and advice or decide that it be debated and voted upon directly by the World Congress. It may also propose that motions whose arguments are not technically sound or coherent and require further development or motions which are so controversial that it is, in its opinion, not possible to produce a consensus text for submission to a decision by the Members' Assembly, be deferred to the next session of the World Congress.
- (b) The Chair may also propose that a motion under discussion in the World Congress be referred to a contact group.

- (c) When meeting during the World Congress, contact groups shall have a fully virtual format.
  - (d) With the purpose of increasing the time available for discussion and to reduce the number of contact groups held in parallel due to the limited window of opportunity during the Congress, the Motions Working Group may decide that contact group meetings be convened exclusively by electronic means for a first reading of motions in the three weeks prior to the Opening of the Congress.
  - (e) Commission members, representatives of recognized National and Regional Committees and members of the Secretariat may take part in contact groups only in a technical advisory and support capacity, without prejudice to the application of Rule 66 (c).
  - (f) For issues that prove hard to resolve in contact groups, the Resolutions Committee or the facilitator of a contact group may set up one or more drafting groups that balance the spectrum of views on the motion, for the purpose of achieving a consensus text. Should a consensus remain impossible, the drafting groups may decide to present minority views as amendments. Drafting group meetings may also be convened in a fully virtual or hybrid format.
  - (g) The reports of such contact groups or drafting groups shall ordinarily be considered by the Resolutions Committee prior to their presentation to the World Congress. The debate in the World Congress shall take place on the text resulting from this process.
57. When the consideration of a text of a motion has been concluded, a vote shall take place on the text as a whole. Before that vote takes place, explanations of the text may be given, if the World Congress so decides.

#### Amendments to Motions

58. Any delegate may propose amendments to any motion.
59. (a) Amendments shall relate directly to the text which it is sought to alter. They shall be signed by their author and, unless proposed in the course of a debate, submitted in time for them to be distributed before they are debated.

- (b) Ordinarily, all amendments shall be transmitted to the Resolutions Committee or, in the case of motions for which a contact group has been established, to the relevant contact group.
  - (c) The Resolutions Committee, or in special circumstances when an amendment is proposed in the course of a debate, the Chair, shall decide whether an amendment is in order.
60. Amendments shall have priority in debate over the original text to which they relate and shall be put to the vote before that text.
61. If two or more amendments relate to the same part of a motion, the amendment which differs most from the text which it is sought to amend shall be put to the vote first. If it is agreed to, other contradictory amendments to the same part shall be considered as having thereby been negated. If the amendment is not agreed to, the amendment next in priority shall be put to the vote, and the same procedure shall be followed for each of the remaining amendments. In case of doubt as to the degree of priority, the Chair shall give a ruling.
62. The Resolutions Committee or, in special circumstances when an amendment is proposed in the course of a debate, the Chair, may propose that amendments should be debated or voted upon together. They may propose that the text together with the proposed amendments be referred to a contact group.

Online discussion and electronic vote of motions prior to ordinary sessions of the Congress

- 62*bis*. (a) The Motions Working Group shall have the authority to submit the motions to an online discussion to be held prior to Congress. The Motions Working Group shall specify which motions that warrant debate at the global level during the Congress will continue to be discussed and voted upon during the Members' Assembly, and which motions will be put to an electronic ballot prior to Congress subject to Rule 62*quinto*.
- (b) The online discussion of motions shall be open to all IUCN Members during a period of at least two months following the date of publication of the motions in accordance with Rule 49.
  - (c) The Motions Working Group shall ensure that the online discussion of motions is transparent and will adhere to the greatest possible extent to

the procedure for discussion and amendment of motions during Congress.

- (d) Commission members, representatives of recognized National and Regional Committees and members of the Secretariat may take part in the online discussion of motions only in a technical advisory and support capacity.
- (e) As part of the online discussion, the Motions Working Group may convene contact groups exclusively by electronic means, with the view to advance the discussion of motions or specific aspects thereof. The outcomes of such contact group meetings must be posted online, visible to all Members.

*62ter.* The Congress Preparatory Committee established by Council in conformity with Article 46 (p) of the IUCN Statutes shall decide any appeal from a proponent and cosponsors against the classification, exclusion or amendment by the Motions Working Group of a motion referred to the electronic discussion and vote prior to the World Congress. In the case of an appeal against the decision to refer a motion to the electronic vote prior to Congress, the only permissible ground for appeal is that an error was made in not classifying the motion as qualifying for consideration at the Members' Assembly. Any appeals under this Rule shall be received by the Congress Preparatory Committee by no later than two weeks following the date of the publication of the motions.

*62quarto.* The Congress Preparatory Committee acting as appeals body will include individuals representing the common interests of Members but who are not themselves members of the Council or personally involved with the motions process. The Congress Preparatory Committee acting as appeals body shall be chaired by one of its members who is not the Chair of the Congress. In the case of an equality of votes, the Chair of the Congress Preparatory Committee acting as appeals body may cast the deciding vote.

*62quinto.* Following the close of the online discussion the Motions Working Group will

- (a) submit each motion, as amended during the online discussion or together with proposed amendments, as appropriate, to an electronic vote of the IUCN Members eligible to vote with the exception of the motions that warrant debate at the global level during the Congress which will continue to be discussed and voted upon during the Members' Assembly. The electronic vote shall be opened and closed on

dates prior to the opening of Congress to be determined by Council. Paragraphs c. to g. of Regulation 94 shall apply *mutatis mutandis* to the electronic vote on motions; or

- (b) refer to the Members' Assembly for continued debate and vote, motions which have been the subject of such discussion and divergent proposed amendments or that are so controversial that it is, in the opinion of the Motions Working Group, not possible to produce a consensus text for submission to a decision by electronic vote prior to Congress.

62*sexto*. Rules 58 to 62 shall apply *mutatis mutandis* to the process of amending motions during the online discussion and the vote on amendments proposed during the online discussion, it being understood that the Motions Working Group will have the same authority that the Resolutions Committee or the Chair of the Congress exercise under these Rules.

62*septimo*. Motions adopted by electronic ballot by Member Category A and by Member Categories B and C combined shall have the same validity as motions adopted during sittings of the Members' Assembly. The Members' Assembly will 'record' *en bloc* the adoption of motions through an electronic ballot prior to Congress but shall not, however, re-open the discussion or the vote on any of them. The motions whose adoption by electronic vote is so recorded by decision of the Members' Assembly shall be effective as of the date of such decision.

## ***Part VIII - Methods of Voting***

### Electronic Voting System

- 63. Voting on motions and elections shall be conducted with the use of an electronic voting system, the accuracy of which shall be monitored by the Election Officer.
- 64. The electronic voting system shall be programmed with the number of votes to which each Member is entitled by the Statutes. The votes yes, no and abstention on motions shall be tallied in accordance with Articles 30 to 35*bis* of the Statutes and the votes on elections in accordance with Rules 78 to 81. The votes of Category A Members are recorded separately; and the votes of Categories B and C Members are recorded separately and combined for a combined voting result. The Chair shall announce the results by displaying them on a screen visible to all delegates.

65. The electronic voting system shall be accessible to the Heads of Delegation or those authorized to cast the vote on behalf of their delegation via their own devices connected to the internet, regardless of whether they are participating on site or remotely.
- 65**bis**. If the Member's Assembly is interrupted due to technical issues related to the electronic system enabling delegates to speak and vote which affect all delegates and cannot be solved immediately, the Assembly shall be adjourned until the technical issue has been solved. The disruption shall be recorded in the proceedings. If the technical issue cannot be solved within a reasonable timeframe and matters remaining on the agenda cannot be addressed before the close of the Congress, the Steering Committee, after considering what is feasible under the prevailing circumstances, shall take a decision on the way to proceed, which may include, but not be limited to, extending or reconvening the Members' Assembly or referring all remaining matters to an electronic discussion and vote in accordance with Article 94 of the Statutes. Decisions taken by the Members' Assembly prior to the occurrence of the technical issues shall remain valid.

#### Methods of Voting

66. (a) Only the Head of Delegation or her/his replacement as defined in Rule 6 may vote and speak on behalf of that Member.
- (b) No delegate may speak or vote for another delegation without the valid proxy of the delegation in question as described in Rule 66 (e).
- (c) A Member eligible to vote may give a proxy to a delegation of another Member eligible to vote or to an accredited representative of a recognized National/Regional Committee of the country/region of the Member delegation giving the proxy. In order for the proxy to be validly recorded in the electronic voting system, it shall be provided at minimum one day before the Opening of the World Congress in order for it to apply for the duration of the World Congress and on the day before the specific sitting or before the specific day it is meant to apply.
- (d) A Member shall not transfer proxy of its own vote while holding other proxies and shall not transfer another Member's proxy without prior authorization of the proxy giver. A Member shall not accept more than ten proxies.
- (e) In order to be valid, all proxies shall be recorded in the electronic voting system within the deadline set in Rule 66 (c).

- (f) Proxies shall not be allowed for elections under Rule 77*bis* or when all Members vote exclusively online.<sup>24</sup>
- 67. Except for votes on the final text of a motion under Rule 48<sup>25</sup> and the vote for elections under Rules 77*bis* to 81, all votes shall be held instantly.
- 68. For votes on the final text of a motion under Rule 48, the voting period shall be extended to one hour. The Chair shall announce the time at which the vote will open and the vote will close automatically after one hour, without further announcement. During the extended voting time, the Members' Assembly shall continue its business. After the Chair has announced the beginning of voting, no delegate shall interrupt the voting except on a point of order in connection with the actual conduct of the voting.

*[Note: Rule 69 has been removed by electronic ballot of the IUCN Members on 13 December 2023]*

- 70. A secret ballot may be held at the request of delegates from ten Members eligible to vote. The electronic voting system shall be programmed so as to guarantee the anonymity of all votes.
- 71. Except for (a) secret ballot votes under Rule 70 and (b) votes for elections at the World Congress under Rules 74-81, the complete voting record of each IUCN Member at the Members' Assembly shall be made available, within 24 hours or as soon as the voting system permits after each sitting, to all Members.

*[Note: Rule 71 has been removed and Rule 71bis has become Rule 71 as a result of the electronic ballot of the IUCN Members on 13 December 2023]*

- 72. The Director General shall keep a register of the written statements of any Member explaining its vote and shall reflect these statements in the volume of the Proceedings, or that of the Resolutions and Recommendations of the World Congress.
- 73. The Chair may exercise a vote, if a voting delegate. In the event of a tie, the Chair shall not have a further vote and the motion shall be considered to have failed.

---

<sup>24</sup> E.g. in case of a fully virtual Congress (Article 19 of the Statutes).

<sup>25</sup> This excludes amendments under Rules 58 to 62 and procedural motions under Rules 41 to 44.

## **Part IX - Elections**

### Election Officer

74. The Election Officer appointed by the Council under the Statutes shall be responsible for supervising the elections at the World Congress and the counting of the votes.

### Nominations

75. Nominations by a Member in Category A, B or C made before the World Congress shall be communicated by the Council to the Members.
76. Prior to the election, the Secretariat shall arrange for Members to interact with all candidates and receive information on them, online and, where feasible during the World Congress, in person. National and Regional Committees are encouraged to create equal opportunities for Member interaction with all election candidates prior to and during the Congress.
77. Once placed on the list of candidates before the World Congress, a name may only be withdrawn by the candidate in writing.

### Method of Voting in Elections

- 77**bis**. Elections shall be held during the World Congress exclusively by electronic means enabling all IUCN Members eligible to vote to cast their vote during a given period of time which shall not be less than twenty-four hours. The Election Officer shall monitor the accuracy of the electronic voting system.
78. The elections of the President, the Treasurer, each of the Chairs of the Commissions and the Indigenous Councillor shall be conducted separately and as follows:<sup>26</sup>
- (a) where a vote is required and there is only one candidate for a post, if that candidate does not receive a simple majority of votes cast by Members eligible to vote in Category A and in Categories B and C combined, the post shall be filled by the World Congress or, failing a decision by the closure of the session, by the new Council; and
  - (b) where there is more than one candidate for any of these posts a vote shall be taken in accordance with Rule 81.

---

<sup>26</sup> Paragraph (a) was removed and all subsequent paragraphs renumbered as a result of the electronic ballot of the IUCN Members on 13 December 2023.

79. Should a sole candidate for the post of the President, Treasurer, Chair of Commission or Indigenous Councillor withdraw or become ineligible, the Council shall meet in extraordinary session and, having considered the views of the Members of IUCN, shall propose a new candidate to the World Congress.
- 79*bis*. Where three or more candidates from the same State, each nominated for a different Commission Chair post, receive the highest number of votes or the highest ranking for the respective posts for which they were nominated, only the two candidates who receive the highest percentage of the votes in the voting for their respective Commission Chair posts shall be elected. With regard to each of the remaining candidates who received the highest number of votes or the highest ranking for the posts for which they were nominated, the vote on each such candidate *ipso facto* shall be vacated by the election of the two candidates who received the highest percentage of votes, and the vacant post of Commission Chair for such candidate's Commission shall be filled as follows:
- (a) If there was a runner-up candidate from a different State who received at least eighty percent (80%) of the votes received by the candidate for whom the vote was vacated, then such runner-up shall be elected to the vacant post of Commission Chair.
  - (b) If there was no runner-up from a different State who received at least eighty percent (80%) of the votes received by the candidate for whom the vote had been vacated, then the post of Commission Chair for that Commission shall be filled by the new Council.
80. Where the number of candidates for Councillors elected from the Regions is the same or less than the number of vacancies in the Region for which they are nominated, each candidate shall be voted on individually. Should a candidate not receive a simple majority of votes cast by Members eligible to vote in Category A and in Categories B and C combined, the position of the Councillor elected from the Regions shall be filled by the new Council.
81. Where there is more than one candidate for the post of the President, Treasurer, Councillor elected from the Regions, Indigenous Councillor or Commission Chair:
- (a) the electronic voting system shall list candidates in alphabetical order from a point in the alphabet chosen at random;

- (b) where one person is to be elected from two or more candidates for the post of President, Treasurer, Chair of a Commission or Indigenous Councillor, the vote shall be cast by selecting the name of the preferred candidate;
- (c) where three or more persons are to be elected from among four or more candidates to serve as Councillors elected from the Regions for a Region, the vote shall be cast by selecting the names of preferred candidates up to the maximum number of the candidates to be elected for that Region. Where more than one candidate is nominated from the same State, only the candidate receiving the greater number of votes may be elected. This does not apply to candidates from the same State resident in dependent territories as defined in Article 40 of the Statutes. Where more than one candidate has been nominated from the same State and the same dependent territory, only the candidate receiving the greater number of votes may be elected.
- (d) abstention shall be an option for each elected position;
- (e) electronic votes not completed in accordance with sub-paragraphs (b) or (c) shall not be counted;
- (f) the number of votes cast for each candidate shall be totalled and the candidates ranked in order of the votes cast, this being done separately for Category A votes and for the votes of Categories B and C combined. The rankings so obtained for Category A shall then be added to those of Categories B and C combined to produce a combined ranking;
- (g) in the event that the combined ranking is the same for two or more candidates the rankings shall be recalculated as follows: the Category A votes for each candidate required to fill the posts involved shall be multiplied by a constant factor being the number of votes cast by Categories B and C combined divided by the number of Category A votes cast for all candidates in that balloting; these adjusted Category A vote totals shall then be added to the vote totals of Categories B and C combined and the candidates ranked in order of the combined vote so obtained;
- (h) the highest ranked candidate or candidates shall be elected, except for the election of the President to which paragraph (i) of the present Rule shall apply;

- (i) in order to be elected for the post of President, the candidate must obtain the absolute majority of the votes (more than 50% of the votes) in Category A and in Categories B and C combined in the first round. If none of the candidates has received the absolute majority of the votes in Category A and in Categories B and C combined in the first round, a second round of voting is held between the two candidates who obtained the highest combined rankings in the first round in accordance with Rule 81 (f).

In the second round of voting, the candidate obtaining the highest combined ranking shall be elected. In the event that the combined ranking is the same for both candidates in the second round, Rule 81 (g) shall apply and the candidate with the highest number of combined votes shall be elected; and

- (j) the results of the elections, including the voting figures, shall be made available at the World Congress.

## ***Part X - Languages and Proceedings***

### Official Languages

- 82. Speeches made in one official language shall be interpreted into the others. If a speaker wishes to speak in a non-official language, the speaker shall be responsible for arranging and paying for interpretation into one of the official languages. A speaker may also be permitted to arrange for an interpretation into the speaker's own language.
- 83. All official documents shall be presented in one of the official languages and shall be translated into the others.

### Official Reports

- 84. Motions adopted at each sitting of the World Congress shall be recorded as decisions and the texts in the official languages distributed as soon as possible to all delegates and observers present.
- 85. After each World Congress, the minutes including the decisions taken shall be published in the official languages, in accordance with the language policy of IUCN. The Director General shall distribute them to all Members of IUCN and to the participants in the meeting. The minutes shall give an account of the proceedings and debates of the World Congress, showing in particular how the

World Congress disposed of motions and amendments thereto, and the results of votes.

### Official Documents

86. The official documents of each World Congress shall include the following:
- (a) the agenda of the session;
  - (b) motions and amendments proposed;
  - (c) reports and other papers from the President, Treasurer, Auditors, the Council, the Steering Committee, the Commissions, the Director General, and Committees of the World Congress;
  - (d) memoranda submitted on behalf of Members or observers on matters pertaining to the organisation of the World Congress, if approved by the Steering Committee, or on all other matters, if approved by the Council; and
  - (e) decisions of the World Congress.
87. Each official document shall be numbered.

## ***Part XI - Amendment of Rules of Procedure***

88. These Rules of Procedure may be amended in accordance with the Statutes.<sup>27</sup>

---

<sup>27</sup> See Article 29 of the Statutes. The Rules of Procedure of the World Conservation Congress were amended by electronic ballot of the IUCN Members on 5 May 2012; by the IUCN World Conservation Congress on 14 September 2012; by electronic ballot of the IUCN Members on 27 April 2015; by electronic ballot of the IUCN Members on 13 October 2015; by the IUCN World Conservation Congress on 10 September 2016; by electronic ballot of the IUCN Members on 27 March 2019; by the IUCN World Conservation Congress on 10 September 2021; and by the electronic ballot of the IUCN Members on 13 December 2023.

## **REGULATIONS**

### **Part I - Legal Status**

1. These Regulations are made pursuant to the Statutes, and shall be read in conjunction with those Statutes and the Rules of Procedure of the World Conservation Congress (hereinafter referred to as “the World Congress”) annexed to the Statutes.

### **Part II - Programme**

2. IUCN shall pursue its objectives through an integrated programme of activities, formulated, coordinated and implemented by the Members and components of IUCN. The Programme shall be adopted by the World Congress and be reviewed annually by the Council. The Programme shall *inter alia*:
  - (a) examine how species and ecosystems function, how they might be sustained by conservation practice, and how to ensure that any use of natural resources is equitable and ecologically sustainable;
  - (b) monitor and assess what biological diversity exists, under what conditions, identify the threats to its conservation, and develop an enhanced capacity to define priorities for conservation action;
  - (c) develop, test and demonstrate sound practices for the conservation and sustainable use of species and ecosystems, including through cooperative field projects;
  - (d) develop tools likely to be most effective in compensating for or correcting damaging impacts;
  - (e) examine how human behaviour, institutions, value and knowledge systems, social policy, development approaches and economic activities relate to and may affect conservation, sustainable use and equitable access to natural resources;
  - (f) increase public awareness of the conservation of nature and natural resources through education and the wide dissemination of information;

- (g) promote the continuing training and education of conservationists at all levels, and encourage their involvement with local communities worldwide in the development of sustainable ways of living;
  - (h) assist in the development and improvement of legislation relating to the conservation of nature and natural resources;
  - (i) prepare draft international agreements relating to the conservation of nature and natural resources, and encourage governments to adhere to and implement agreements once concluded;
