Contents

- Session 1 Remarks & Yellow Sea NRFP Conservation Status
- Session 2 Threats & Possible Solutions
- Session 3 Discussion

Program

Session 1			
Yellow Sea NRFP Conservation Status	10:00 ~ 10:05 ('05)	Remarks	
	10:05 ~ 10:25 ('20)	Introduction to NRFPs	John Wang Chief Scientist, Founder Co/Asia Research Group
	10:25 ~ 10:45 ('20)	NRFP's of ROK	Kyunglee Lee PhD, CRI
	10:45 ~ 11:05 ('20)	Global Cetacean Conservation Trend Marine Mammal Protection Act	Nina Young Foreign Affairs Specialist, NOAA
	11:05 ~ 11:25 ('20)	NRFP's of China	Yellow Sea Fisheries Research Institute
	11:25 ~ 11:45 ('20)	Start of an Effective Conservation Acoustic Population Trend Survey	Nick Tregenza Director, Chelonia Limited
	11:45 ~ 13:00 ('75)	Lunch	
Session 2			
Threats & Possible Solutions	13:00 ~ 13:20 ('20)	ROK Government's Conservation Effort	Jaeyoung Lee Director Marine Ecology Dept., MOF
	13:20 ~ 13:40 ('20)	ROK Government's Bycatch Mitigation Effort	Ilhwan Cho Director Fisheries Policy Dept., MOF
	13:40 ~ 14:00 ('20)	Technical Bycatch Mitigation Measures Pinger & LED	Joanna Shigueto PhD, University of Exter, ProDelphinus
	14:00 ~ 14:20 ('20)	IWC's Bycatch Mitigation Initiative Multi-Disciplinary Approach	Marguerite Tarzia Bycatch Coordinator, IWC
	14:20 ~ 14:40 ('20)	Yellow Sea Countries' Collaboration Opportunity IUCN Motion 110	Youngran Lee Team Manager Oceans, WWF-Korea
	14:40 ~ 15:00 ('20)	Break	
Session 3			
Discussion	15:00 ~ 16:00 ('60)	Discussion	

* Acronyms: NRFP- Narrow-ridged finless porpoise, CRI- Cetacean Research Institute, MOF- Ministry of Oceans and Fisheries

2022 NRFP Conservation Conference

Building a regional working group
across countries bordering the Yellow Sea

2022.9.22 ~ 2022.9.24

Chungcheongnam-do Provincial Government, Republic of Korea

| General Agenda

Day 1 9. 22(Thu) Networking

Day 2 9. 23(Fri) Conference

Day 3 9. 24(Sat) Yellow Sea Field Trip

| Conference Schedule

Day 1_9.22			
18:00~20:00	Networking		
Day 2_9.23			
9:30~10:00	Registration		
10:00~10:05	Opening ceremony		KOEM
10:05~10:10	Congratulatory speech		
10:10~10:15	Photo op		
10:15~10:30	Keynote	Narrow-ridged finless porpoise conservation- an international perspective on a regional challenge	IUCN SSC, Gianna Minton
10:30~10:50	Scientific Research	 Population survey of the narrow-ridged finless porpoise in South Korea	Cetacean Research Institute, Kyum Joon Park
10:50~11:10		 Association between porpoise and soniferous fish presences: implications for feeding strategies and ecosystem-based conservation of the East Asian finless porpoise	YSFRI, Zhaolong Cheng
11:10~11:30		 Toward the conservation of the finless porpoise. We have to learn a lot.	NHM, Japan Yamada Tadasu K.
11:30~11:40	Break		
11:40~11:45	Scientific Research Short talk	Use of drones to map narrow-ridged finless porpoise habitats in Korea	Haerang Technology & Policy Research Institute, Jidon Geum
11:45~11:50		Analysis of necropsy results on the narrow-ridged finless porpoise in South Korea	Chungbuk National University, Sunmin Kim
11:50~11:55		Analysis of microplastics in the gastrointestinal tract of a finless porpoise (<i>Neophocaena asiaeorientalis</i>) stranded in the Republic of Korea	Inha University, Byungyong Park
11:55~12:00		Population structure and genetic of <i>Neophocaena asiaeorientalis</i> in East Asia	Wildlife Disease Control Center, Seon-Mi Lee
12:00~12:05		What we have learned from an early stage of finless porpoise study in Korea	MARC, Miyeon Kim
12:05~12:10		Accumulation of pollutants in <i>Neophocaena asiaeorientalis</i> over time	University of Antwerp, Yoonsun Jung
12:10~12:15		A comprehensive overview of the narrow-ridged finless porpoises in Bohai Sea	YSFRI, Yongtao Li
12:15~12:20		Plastic pollution and it's effects on marine mammals	Institute of Hydrobiology, Xiong Xiong
12:30~14:00	Lunch		
14:00~14:20	Public Awareness	 Public's awareness and understanding of narrow-ridged finless porpoise in Korea	Osan University, Youngran Lee
14:20~14:40		 East Asian Finless Porpoise Conservation Effort in China	QMCS, Lebin Liu
14:40~15:00	Policy	 Narrow-ridged finless porpoise conservation efforts in Korea and future prospects	Korea Maritime Institute, Geunhyung Yuk
15:00~15:10		 Bycatch mitigation efforts in ROK	Cetacean Research Institute, Kyunglee Lee
15:10~15:30		 Policies relevant to Narrow-ridged finless porpoise protection in China	QMCS, Songlin Wang
15:30~15:40	Break		
15:40~16:40	General Discussion		
Day 3_9.24			
09:00~12:00	Yellow Sea Field Trip		

* Program schedule is subject to change.
